

Destination Uttarakhand Investors' Summit 2018

7 - 8 October 2018 | International Cricket Stadium | Dehradun

Sectoral Session on

Accelerating Manufacturing in Uttarakhand

Sunday, 7 October 2018 | 1345 - 1515 hrs | South Block, Audi - 1

Programme Structure

Uttarakhand is one of the fastest growing states in India, thanks to the massive growth in capital investments arising from conducive industrial policy and generous tax benefits.

The state offers a wide range of benefits in terms of interest incentives, financial assistance, subsidies and concessions. To promote different sectors, the State Government brought a number of enabling policies such as MSME Policy 2015, Hill Policy 2008, Central Capital investment Subsidy Scheme, Mega Textile Park Policy, Mega Industrial and investment Policy etc. The Single Window Clearance System, as part of ease of doing business agenda, has been formed to provide necessary and time bound licences, permissions etc. for the establishment of industry in the State of Uttarakhand.

Proximity to key markets and supply centres of North India further adds to the attractiveness of the State as an investment destination primarily for FMCG sector. Other potential sectors for investment include Engineering and Allied Industries, Pharmaceuticals & Biotechnology, Electronics & ESDM, Hydel Power, Tourism, IT/ ITeS, Healthcare etc.

This Session would highlight potential of the State in the Automotive, Automotive Components, FMCG and Electrical & Electronics Sector.

90 minutes
